Dear [redacted]

As you recently requested, enclosed is our technical plan and approach for the Preliminary Design Phase of your program. While the attached document describes a level-of-effort for the tasks described, we are amicable to modify to your requirements if needed.

Our tasks will require some computer time on our Minneapolis computer facility plus inertial gyro tests to be conducted by our Minneapolis engineers. The primary activity will be conducted at our St. Petersburg facility.

We propose to complete this Preliminary Design Phase for [redacted] Details of our cost estimate are included in Section 2.0 of the attached document.

I'm sure that [redacted] will be able to describe our proposed activity in more detail, should you desire.

Hope that you'll be able to pay us a visit sometime soon.

Sincerely,

JFH:ef
